*This July we are launching Dance to Bond,
a new program funded by the Bronx Council on the Arts!*

About this event:

Dance to Bond is a series of workshops for children ages 4-12 years old in a supportive environment with their parents/guardians. The aim of the program is to bond, share and learn.

The series aims to inspire a positive body image and expose Bronx families to the arts as a way of relieving daily stress.

Please share and encourage eligible families to join us for this unique program. We promise learning and fun too!
